

# Christopher Braxton Fralick

September 11, 1982 - July 20, 2020

Christopher Braxton Fralick of Tehachapi, Calif. passed away at the age of 37 on Monday, July 20, 2020.

Christopher was born on September 11, 1982 in Visalia, Calif. to Ellen "Daleen" Fralick and Ralph "Brack" Fralick. He spent his young childhood in Delano and relocated to Tehachapi in 1995. Although he worked in San Luis Obispo and Tulare at times, Tehachapi was always home.

He had a passion for anything macabre, especially old horror movies. He was an avid music lover as evident by his record collection. He also loved art, fishing, botany, and comics, especially Marvel Comics. He loved all animals and will be missed by his dog, Lucy. Above all, he cherished spending time with his daughter.

Christopher is survived by his daughter, Natalie Rose, his mother Daleen, his father and stepmother, Brack and Linda, his sisters, Stormy and Ruby, his brother Dylan, and several aunts, uncles, and cousins. "We are 138."

A memorial service will be held at a later date. This website will be updated when services are scheduled. Funeral arrangements are entrusted to the care of Wood Family Funeral Service in Tehachapi, Calif.

“ His name means "Christ-bearer".

We should have known Christopher would stand out from others, possessing an inner strength that can only be a gift of God. Fearlessly devoted and fervent, there wasn't anything Christopher wouldn't do for you when you were down. "He'd saw his leg off for you" - that's the only way to express Chris' willingness to sacrifice for the ones he loved. There are few people who have such a deep and intense soul as Chris, who can engender a mixture of both fear and profound love. It was as if he had the soul of a warrior brave, determined to live free and strong - fighting to the end. hat's how I see Chris.

You will be deeply missed and never forgotten, Chris.

May your soul be eternally free and strong.

May your soul now rest with the One whose name you bore.

I love you,

Aunt Rena
