

John Torben Hansen

October 20, 1942 - April 7, 2020

The passing of a loving husband, father and grandfather, John Torben Hansen, has been extremely heart breaking. He had an insatiable appetite for knowledge. He was a retired civil engineer who loved reading, working with music, movies and teaching with a special passion for solving mathematics. Even more than that he loved his wife, children and family beyond words. John will be laid to rest and recognized for his dedication of military service at Bakersfield National Cemetery. John will forever be incredibly missed.

“ Whenever we think of John, it's with a smile. We loved his quick wit and his hearty laughter. He and his family had grown so very dear to us! He was a wonderful friend and we will miss him. Love, Kris

JN

“ How do you sum up 55 years of memories of a loving father, best brother in-law, good friend to all an a amazing teacher who left this earth way too soon. John had it all, the loving wife and two children who grew up and made him so proud in raising their family and pursuing good careers. He was a Captain in the Army during Vietnam and was stationed in Okinawa with his family where both children were born. After leaving the Army he started his own business in Civil Engineering in Tehachapi, California and later took on another chapter in his life , working in Los Angeles for many years with another engineering firm, which he loved. After that instead of retiring he started substitute teaching all grades where ever he was needed in Tehachapi. John's life never stopped when it came to working. He was a good man who will stay in our hearts forever , I miss him already. Love, Janie
